

Office of the Chairman Police Recruitment Board (PRB) J&K Police Srinagar / Jammu

No. PRB/Sgr/Camp/Pub-notice
Dated: 29/12/2015

Provision of video-recording in Recruitment Process of Constables in J&K Police
Ref: Police Hqrs Advertisement issued under endorsement no. PERS/A/117/2015/ 47322-422- Dated: 25-08-2015

Clarification Notice

It has been time and again brought to the notice of candidates/applicants, that the different events of Physical Endurance and other tests conducted by the Police Recruitment Board (PRB) through an outsourced Firm, are video-graphed so as to ensure accuracy and transparency of results. The video recording process by the Firm is a continuous one, to aid the transparent mechanism involved and to support the results for an instant query by the aggrieved candidates and not as a means to reply the queries of some candidates after the tests for the particular day scheduled for the events is over.

Now with process of Physical Tests over in Kashmir province, some applicants approach different members of the PRB with the representation that they being not satisfied with their results, be shown the video-recordings afresh to convince them with the results declared on spot and made known to each candidate during the conduct of tests itself.

It is therefore clarified for the information of concerned candidates that the process of video-graphy is for instant queries by the aggrieved candidates being a continuous process with the provision of instant replay in real time by the Firms itself and not the Police Recruitment Board (PRB) which supervises and coordinates the conduct of machine aided physical tests. As the process of conduct of physical tests is commencing in Jammu Province from January 2016, it is again emphasised that any candidate who wants to see the video graphic replay of his result in any tests other than (PET), should apply instantly at the time of conduct of such test on spot and not afterwards which is not the mandate of the PRB and recordings by the firm have no such provision to be replayed with precision after such tests for the particular group/day are concluded. The PRB is under no obligation to reply to such queries after the tests are over.

All candidates are informed to take note accordingly.
