Q

Candidates are advised to be aware of any touts/middlemen and fraudsters trying to allure the public in general and candidates in particular with false promise of ensuring their selection in lieu of money. The computerization and technology driven result oriented Transparent Recruitment Process is a new feature in J&K State and as such general public and candidates may get enticed by such propaganda and get fleeced. Now, it is being abundantly made clear that there is no scope of any influence or interference in the recruitment process and as such all candidates are informed to be wary/cautious of such unscrupulous elements and not to get carried by their false promise or commitment. It is once again reiterated that any such element approaching any candidate with the demand of money to facilitate his/her selection should be identified and nearest Police authorities and below mentioned officers/police establishments be informed on telephone numbers mentioned against each so that agents/cheats are dealt under law.
