General conditions:

License if any for Hardware/Software should be perpetual and with at least three year updates apart from OS updates.

Specifications of high cost instruments: should be preferably confirmed using the website of the manufacturer or directly by the manufacturer. Good support from Indian base is essential.

Maintenance: A good team of service engineers, trained by the manufacturer is essential. Detailed information of service engineers and their product training to be provided. AMC or CMC rates should be offered reasonably. Live product demo where applicable, with our samples is necessary. The same may be arranged at supplier's cost.

Analysis Support: Since we deal with complex samples, support for analysis should be given by the supplier by sending their application. Equipment should be future proof and manufacturer is expected to offer upgrade whenever available rather than change models. A live demo nearby and analysis of our samples will have to be done by bidders at their cost. Please provide complete details of your customer support lab. in India and training charges, if any in the next three years after the installation.

Warranty

Instrument should be strictly with 3 -Years Comprehensive Warranty from date of installation (including Spares, Consumables & Service).

Price may be quoted separately for annual maintenance contract with warranty for fourth fifth and sixth year.

Conditions for AMC: Preventive maintenance visits once in four months and breakdown visits as and when required.
